

VILJOEN GO HOME!

The arch-racist Gerritt Viljoen is in London as an "ambassador" for South Africa's illegal occupation of Namibia. His task is to win international support for the plans for pseudo-independence which the South African authorities are seeking to impose in defiance of the United Nations.

Gerritt Viljoen is a leading member of the Nationalist Party; he is chairman of the Afrikaans secret society the Broederbond; former rector of the all-white Rand Afrikaans University. He is totally committed to the defence of apartheid and white supremacy.

Last year he was appointed as South Africa's Administrator General of Namibia, the territory that South Africa illegally occupies in direct defiance of the International Court of Justice and the United Nations Security Council. As such he is responsible for all the crimes committed by the apartheid regime in Namibia, including widespread detention and torture of opponents of the occupation.

The international focus is now on Namibia in the wake of the victory of the Patriotic Front parties in Zimbabwe. South African rule is being challenged daily by the Namibian people, and SWAPO, the Namibian liberation movement is intensifying its struggle. The United Nations has made specific proposals for a settlement in Namibia including UN supervised elections which will lead to a genuine independence. South Africa appears determined to sabotage these efforts.

Those who meet with and give comfort to Gerritt Viljoen are guilty not only of collaborating with the illegal administrator of Namibia, but equally of sabotaging international efforts to bring peace and freedom to Namibia.

STOP THIS COLLABORATION WITH APARTHEID! FREEDOM FOR NAMIBIA NOW!
