

COMMITTEE OF AFRICAN ORGANISATIONS

20  
LONDON

Tel: EUSTon ..

Date as Postmark

Dear Friend,

The international movement to boycott South African goods is already gaining momentum and has met with a world-wide response. In this country we have gained the support of labour, co-op and trade union branches, but the campaign has only just begun.

We plan, during the coming period, to organise picketing of marketing areas throughout London. Our immediate programme (see below) can only be carried out successfully if we have your support. Volunteers are urgently required for picketing which involves carrying placards and distributing leaflets either in shopping markets or outside large shops.

Would you please note that there will be a representative of the Committee at the appointed meeting place from 11 a.m. until 5 p.m. on each of the Saturdays mentioned who can direct you to the places we intend covering. Your help would, therefore, be welcome any time during the day, even if you can only spare an hour or so.
