# THE AAM HQ

## WHAT DO YOU THINK... AND WHAT WILL YOU DO?

**T**he AAM has launched a £75,000 HQ Expansion Appeal to provide funds for the expansion of its Mandela Street Headquarters. Since the AAM moved to its existing premises in 1982 its work has multiplied dramatically. Its membership has tripled, as has the print-run of AA News, and the number of local Anti-Apartheid Groups has risen to almost 200.

**T**he AAM will only be able to maintain the momentum of the campaign in Britain in support of the freedom struggle in Southern Africa if it has an expanded staff, larger headquarters and up-to-date equipment.

**N**ew staff are being appointed to provide a better service for our members and supporters together with our many affiliated organisations. And additional premises have been obtained on Mandela Street. Plans for modern equipment for our staff are in hand.

**B**ut we need money to finance this expansion. We need to pay back loans which we have raised to obtain leases for the additional property. We need funds to refurbish the new premises. We need to ensure that the best possible security is provided for our staff and Headquarters. We need a better phone system and additional computer facilities.

**W**e are appealing to organisations and individuals alike to support this AAM HQ Expansion Appeal. With your help we can raise the funds to ensure that AAM is best placed to respond to the challenges facing us during the final stage of the freedom struggle in Southern Africa.

### **Please give generously!**
