

AMANDLA NGAWETHU! POWER TO THE PEOPLE

"We are calling on all Black people to join in the struggle to finally crush apartheid and help to transform the whole of Southern Africa"

Peace - There can be no peace in Southern Africa while apartheid exists. Within South Africa the illegal white regime has used secret killer squads and mercenaries to eliminate its opponents and terrorise the population. Therefore the Black community needs to increase its effort to isolate this racist regime.

Democracy - The black majority in South Africa are still being denied a vote. Black people throughout the world must join in the call for **ONE PERSON ONE VOTE!**

Freedom - Nelson Mandela has said, *"If the people are properly organised then there is nothing that can stop them from gaining their freedom"*

WE THEREFORE URGE THE BLACK COMMUNITY TO DOUBLE ITS ACTS OF SOLIDARITY WITH THE SOUTHERN AFRICAN PEOPLE.

A Luta Continua!

FORWARD TO BLACK LIBERATION NOW
